Kankana Pandit

Frontend web developer|Enthusiastic Fresher|skilled in c+
+,python ,java Persuing BTECH at GOVERNMENT COLLEGE OF
ENGINEERING AND LEATHER TECHNOLOGY
Kolkata, West Bengal, India

Summary

Hi there! I'm Kankana Pandit, a passionate individual pursuing a
degree in Computer Science and Engineering. I have always been
fascinated by technology and its ever-evolving nature. This curiosity
has led me to explore and excel in various areas of computer
science, particularly in the field of frontend web development.

With a keen eye for design and a strong foundation in programming
languages such as C++, Python, and Java, I have the ability to
create visually appealing and functional websites. I believe in
constantly learning and updating my skills to stay ahead of the game
in this fast-paced industry.

Apart from my technical skills, I am also a creative thinker and a
problem-solver. I enjoy taking on challenges and finding innovative
solutions. My attention to detail and strong organizational skills have
helped me deliver projects on time and with great accuracy.

In addition to my academic pursuits, I have also gained practical
experience through internships and freelance projects. These
opportunities have helped me develop a strong understanding of the
industry and its demands, making me a well-rounded professional.

As a highly motivated individual, I am always looking for new
challenges and opportunities to grow. I am seeking a role in a
dynamic and innovative company where I can utilize my skills and
contribute to its success.

Let's connect and explore potential
